1228 Euclid Ave Suite 1105  
Cleveland, Ohio 44115-1834

Dear Marc,

I wanted to thank you and your staff for the many years of business together. With the coordinated help of your developers, we have created a seamless solution for Area Temps. They are able to utilize their internal system for entering customers, applicants and job/time sheets. All the data is then exported to us here at Ahola Payroll to import into our system. We produce the employee's paychecks along with the customer's bills. After that, summary data is sent back to Area Temps to be imported into their system.

Without the help of your knowledgeable people we could not have kept up with the changing demands of Area Temps and their payroll.

Warmest Regards,

Scott Ahola
