Dear Mr. Castelluccio,

I would be remiss in not taking this opportunity to express my sincere thanks and appreciation for the extremely high level of service Area Networks has provided to Search Masters, Inc. for the last six years.

The ability of your organization to assume 100% of the responsibility for all of our I.T. needs has been truly a cornerstone of our success. Your help desk responds immediately to all of our day to day issues. You and the senior members of your staff have provided not only technical assistance, but you have really gone the extra mile to learn our business. As a result, you have provided us with excellent advice and direction. You are a great management consultant as well as an excellent service provider. Area Networks has done a superior job of taking our business model and translating it into a workable, useable, and easy to understand computerized program.

I am sorry that it took me six years to write this letter. Please share it with members of your team. I look forward to the continuation of our relationship.

Sincerely,

Tom Soko

Vice President
