Dear Andy and Marc

Thank you for all of your efforts with Area Temps in regards to the quoting process, decision making process and finally the implementation of their Data Network, new phone systems and local phone services.

It was our extreme pleasure working with quality and professional individuals such as Area Networks. It was very much appreciated as we do not see this level of service on a regular basis. Your expertise with all aspects of telecom was refreshing and proved that Area Networks is a full Service telecom organization.

We will recommend Area Networks to our current customer base as well as our potential customers in the future. We look forward to working with Area Networks again and keep up the good work!

Sincerely,

**Kim Esterle
Director of Sales
US Network Inc. an AT&T Solutions Provider**
